## 59 DAYS NAIROBI - CAPE TOWN

### Days 1 – 2: Nairobi, Kenya to Nakuru

On our first day we meet you in Kenya's capital, Nairobi. There is time this morning to visit the Giraffe Centre and the Elephant Orphanage, our first chance to get up close and personal with some of Africa's most loved animals.

En route to Nakuru we stop at the Rift Valley Lookout for sweeping views of the Great Rift Valley. You may be tempted by the curio markets here.

The following day we enter Nakuru National Park to head out on our first game drives. Nakuru is famous for its flamingo population. Over the next three to four days there are different safari options available in what is known as the northern circuit to take us into the world famous Serengeti and/or the Ngorongoro Crater. With prior notice safaris into Tarangire and Manyara can also be added. We have a safari briefing tonight.

Distance: 278 kms

Est. Drive Time: 6 – 7 hours (depending on the border)

Meals: X1 Breakfast, X1 Dinner

### **Days 9 - 11: Time allocated for different optional game drives and activities in the Serengeti and Ngorongoro Crater**

Rising early most in the group choose to head to the vast savannah plains of the Serengeti on a three day safari visiting both the Serengeti and Ngorongoro Crater.

A balloon safari can also be arranged during this safari.

On the three day safari we explore the flat grasslands of the Serengeti plains studded with isolated kopjes over 24 hours. There is an excellent chance to view Africa's renowned wildlife from hyena, lion, leopard and cheetah to elephant, giraffe, wildebeest, zebra, antelope and much more across the 14,000 square kilometre park.

The three day safari also includes game drives on the floor of the ancient caldera, Ngorongoro, for the chance to see more wildlife. Ngorongoro is a perfectly intact volcanic caldera and the world's largest extinct volcano. Descending onto the Crater floor we find a garden of Eden full of all the wildlife for which Africa is famous - rhino, hippo, lion, elephant, hyena, buffalo, zebra, impala, ostrich, flamingo, and many, many more.

On this safari we spend one night camping in the middle of the Serengeti, with just the canvas of your tent between you and the vast plains that stretch out around us in all directions, and one night camped on the rim above the Ngorongoro Crater, the world's largest extinct volcano. If

booking on the shorter Ngorongoro safari, you travel to the Ngorongoro Conservation Area from Arusha to enjoy sweeping views across the Crater, before joining those on the longer safari for the overnight camp on the Crater rim. From there you will travel down into the Crater with everyone for the game drives in the Ngorongoro Crater and a picnic lunch.

Across these two parks – the Serengeti and Ngorongoro Crater - wildlife viewing is regularly exceptional. Big cats and other predators always capture the imagination and regularly blond maned lions can be found nonchalantly lazing on the rocky outcrops or lolling in the shade. With a little luck cheetahs can be found pacing the open grasslands and leopards can be located resting up in the buffalo thorns and sausage trees that line the Seronera River of the Serengeti. Spotted hyenas, bat-eared foxes and jackals also roam both parks.

The Serengeti is a continuation of the same ecosystem across which the spectacular wildebeest migration travels, the vast herds moving seasonally between here and Kenya's Masai Mara. To encounter one of the countless wildebeest herds in a bleating, snorting dust - kicking motion on the famous migration moving across "Siringet" the "endless plains" is an experience of a lifetime.

En route between the Serengeti and the Ngorongoro we can arrange to pay a visit to a Maasai boma and time permitting the Olduvai Gorge Museum. The museum records the work of Louis Leakey who uncovered the traces of early man here. The finding of a 1.75 million year old Australopithecus jawbone in 1959 was the first conclusive evidence that hominids had existed for over a million years and that they had evolved in Africa.

We travel to the Serengeti and Ngorongoro via the village of Mto Wa Mbu, where Maasai display their ebony carvings, spears and beadworks and there is time to stop in one of the markets stalls for shopping. If you wish to add on a safari in Manyara and Tarangire this can also be arranged given prior notice.

If you don't head out on this set of safaris you can spend time in the extensive Maasai Cultural Centre and Museum, and if you are up for it visit the Snake Park which has a large collection of reptiles as well as a Maasai display.

Arusha also has busy markets, a shopping mall, coffee shops and internet. A camel safari can also be arranged to visit a Maasai village.

The campsite where we are based has a comfortable entertainment area.

Back in Arusha we all enjoy a group barbecue to celebrate.
